

## Mass Torts & Hazardous Substances

At Burr & Forman, we have a group of experienced attorneys dedicated to handling claims and cases involving bodily injury, professional liability, or damage to property or natural resources as a result of a single event or longer-term pollution-related events or contamination.

Our team has significant experience defending personal injury, class action, and mass tort claims associated with alleged exposure to various toxic substances as well as other chemical compounds or active ingredients within product formulations.

Our team represents defendants in a number of these cases, including, but not limited to:

- Asbestos
- Diesel exhaust
- Carbon tetrachloride
- Chemicals, solvents, pesticides & ammonia
- Chromium & heavy metals
- Benzene
- Isocyanate
- Formaldehyde
- Chinese drywall
- Groundwater contamination
- Mixed dusts
- Mold & mildew contamination claims
- Lead & PCBs
- PFAS & PFOS
- Perchloroethylene
