

## Medical Malpractice

Burr & Forman's attorneys have tried hundreds of medical malpractice cases to a conclusion before a jury. In addition to the medical malpractice jury trials, and appeals, Burr's attorneys have been involved in a number of medical malpractice cases that settled, were disposed of on motion, or were voluntarily dismissed by the plaintiff.

Representing both providers and companies in the health care industry, we work closely with our clients. Whether it's counseling on litigation avoidance or standing before a jury at trial, our team of experienced health care litigators is well-equipped to handle the situation.
