

Gordon J. Katz

Chief Information Officer

Birmingham, AL
(205) 458-5240
gkatz@burr.com

Gordon Katz is the Chief Information Officer of Burr & Forman LLP. He works closely with firm management to provide secure, state of the art technology across the firm's offices. In addition to leading the IT department, Gordon is involved with litigation support, knowledge management and research services, and records.

Gordon has 23 years of experience creating electronic workflow, managing document and records systems, and implementing governance policies to support the practice of law. He has extensive knowledge developing and administering IT training and policies that support firmwide technology improvement initiatives. Gordon has worked to foster strategic partnerships with vendors, service providers, and colleagues throughout his career.

Gordon earned his B.S. in Business Administration from Auburn University.
